

Remarks

This application is based on PCT International Application No. PCT/HU02/00150 filed 19 December 2002 (and as published on 24 December 2003 as WO 03/107230 A1), which claims priority to Hungarian Patent Application No. P 0202003 filed 17 June 2002.

This Preliminary Amendment amends the specification and claims, and is being submitted in the USPTO's revised format.

In view of the foregoing, Applicant respectfully submits that specification and all pending claims fully comply with 35 U.S.C. 112. Should the Examiner wish to discuss any of the above in greater detail or deem that further amendments should be made to improve the form of the specification and claims, then the Examiner is invited to telephone the undersigned at the Examiner's convenience.

Respectfully submitted,
